Chorus

I can see you
I can feel you
I can talk to you
I can dream about you
You're always on my mind
I can't be with you
I can't touch you
I can't hold you
I can't kiss you
Contact is unimaginable
Making love to you, imaginary
These things all going on only in my own mind

Verse 1

They sent me to the doctor
Said I was disillusioned
Losing touch
I was on the brink of depression
A personality disorder
I didn't know my stuff
They wanted to sedate me
Suppress my feelings
Deny my intellect and berate me
They were haters, simply hating
Told me not to talk about it
Things might get better if I pretended that it was all just make believe
Told me to forget about it, ignore you, in reality there was no us
Told me to just shut up, don't make a big fuss

Verse 2

Now that they know I was right about you
They don't want anymore talk about it
Too embarrassed to admit that they were wrong, shortsighted
Their egos just want, now, to simply forget all about us
Now, they have to prove to everyone that it was imaginary, deny it
No stupidity, whatsoever, on their part
No, never, now they'll call it 20-20 hindsight
Visionaries from the get go even when they told me to forget about it, just let it all
go
Their cacophony of human errors that almost cost me my entire life
But, let's just forget about all that, now,
No point crying over spilt milk, get moving, move along
No one's guilty of negligence, neglect, or lack of let me see, now, foresight
No one's libel so get the lawyers out of here, keep them out of our sight
Shut up, now, and stop talking about this, again
Oh, shut up and just take this!

Bridge

I don't want an imaginary lover
I want you and no other
Let me see you
Let me feel you
Let me be with you
Let me touch you
Let me hold you
Let me kiss you
Let me make love to you
Don't let my imagination continue to run wild
Let's not forget it, ignore it
Let's explore it!
And see where this takes us
Maybe on our very own magic carpet ride
A battle worth fighting
The stakes were and remain higher
There is no debating
When one is dealing with human ignorance and hatred
There's no such thing as a silly childish magic carpet ride

Verse 3

Looking back there was and is no contest
I won every battle and the war, winning it, sticking it to them
Then proved it all some more, proving them so very wrong, again
You were real, here with me, all along
They never imagined that it was you
Steadfast, true, a warrior so beautiful and strong
They thought it was an imaginary lover
Out of their childish thinking arose my imaginary friend
A happy ending to a sad love story
Baby, I'm in love with you, and you're not imaging it
You'd better believe it's unimaginable, but oh so real, and
True, I'm not anything like those silly childish fools
Imaginary lover, I'm talking to you
Imaginary lover, I'll love you 'til the end
Imaginary lover, do you love me, too?
Imaginary lover, I'm so in love with you!
