Bieber, Jonas Brothers, etc.**

### **Chorus**

I can see you, I can feel you, I can dream about you; you're always on my mind  
I can't be with you, I can't touch you, I can't hold you; physical contact is  
unimaginable

Kissing you, imaginary; these things all going on, only, in my own mind;  
Guess what? Guess, again!

Imaginary Lover, I'll love you 'til the end

Imaginary Lover, I promise you're more than just my friend

Imaginary Lover, it's true, I'm so in love with you!

Shut up!

### **Verse 1**

They sent me to the doctor, said I was disillusioned, losing touch  
On the brink of a depression, some personality disorder, I didn't know my stuff  
They wanted to sedate me, suppress my feelings, deny my intellect and berate  
me

They were haters, simply hating, told me not to talk about the facts; they told me  
to lie about stuff

Things would be better if I pretended it was make believe, going on in my mind,  
they said it was only, inside my own head

Told me to forget about it, ignore it, in reality there was no one who loved or gave  
a damn about me

Told me to not make a big fuss or they would frame me, then I'd be canned;  
Shut up!

### **Chorus**

I can see you, I can feel you, I can dream about you; you're always on my mind  
I can't be with you, I can't touch you, I can't hold you; physical contact is  
unimaginable

Kissing you, imaginary; these things all going on, only, in my own mind;  
Guess what? Guess, again!

Imaginary Lover, I'll love you 'til the end

Imaginary Lover, I promise you're more than just my friend

Imaginary Lover, it's true, I'm so in love with you!

Shut up!

## Verse 2

Now that they know I was right about you, they don't want anymore talk about this  
They didn't know their stuff like I did, but hush, don't say that  
Too embarrassed or maybe just to guilty to admit, so let's, conveniently, forget all about this  
Now, they have to deny the facts, and lie about it, but don't tell anyone the truth  
Not stupidity; no, not on their part; hush, say no more  
Now, they're calling their incompetence, a chronic condition, called 20/20 hindsight, a simple pun nothing more  
Their cacophony of human stupidity that cost me my entire life and my family!  
Visionaries from the get go even now I'm being told, let it all go, and I'm saying out loud, No!  
Shut up!

## Chorus

I can see you, I can feel you, I can dream about you; you're always on my mind  
I can't be with you, I can't touch you, I can't hold you; physical contact is unimaginable  
Kissing you, imaginary; these things all going on, only, in my own mind;  
Guess what? Guess, again!  
Imaginary Lover, I'll love you 'til the end  
Imaginary Lover, I promise you're more than just my friend  
Imaginary Lover, it's true, I'm so in love with you!  
Shut up!

## Verse 3

Forget it all, now, that I have just cause; they were wrong and I was right on all counts  
No point crying over spilt milk; go faster, get moving, forget that I'm right and they're wrong  
Cause, they're guilty of foul play, scheming, under the guise of lack of foresight  
Unintentional, simple human error, some simple administrative oversight, par for the course  
No one's libel so get the lawyers out of here, keep the lawsuits out of sight, they don't want to hear  
They said, sorry, so shut up, now, and stop talking about this imaginary lover; it's all just bullshit, so stop making all of this crap up!  
All lies, so they are saying, take this medication, gag ordering it, administering a little extra of this extra strong stuff!  
Shut up!

## **Bridge**

I don't want an imaginary lover, I want you and no other  
Let me see you, let me feel you, let me be with you  
Let me touch you, let me hold you, let me kiss you  
Don't let my imagination continue to run wild  
Let's not forget it, ignore it; let's see where this takes us  
Maybe on our very own magic carpet ride  
A battle worth fighting, the stakes were high and are higher, still  
Make no mistake about it!  
There is no debating, when one is dealing with human ignorance, hatred, and  
bigotry  
There's no such thing as a silly, childish, pursuit for justice, it's all above board  
When the legal illegals come up from under ground and have their sights on you  
Don't shut up cause they're wrong and don't forget you've got rights, too!

## **Verse 4**

Looking back there was and is no contest; I won every battle and the war,  
winning; it isn't over, yet  
You were real, here with me, all along, but they never imagined that I was not the  
one who was standing upright, steadfast, true and strong  
They thought you were some imaginary lover, and out of the silly, childish,  
thinking arose the creation of an imaginary friend or two  
Someone else to blame, hide the fact that they were and are wrong, not to  
mention certifiably insane  
A happy ending to a sad love story, you'd better believe it's unimaginable, and I  
swear it's, factual, honest it's true  
Trust me, I'm not anything like those ignorant fools; it's unbelievable, but I'm  
saying it, out loud, again: Imaginary Lover, I'm in love with you!  
Shut up!

## **Chorus**

I can see you, I can feel you, I can dream about you; you're always on my mind  
I can't be with you, I can't touch you, I can't hold you; physical contact is  
unimaginable  
Kissing you, imaginary; these things all going on, only, in my own mind;  
Guess what? Guess, again!  
Imaginary Lover, I'll love you 'til the end  
Imaginary Lover, I promise you're more than just my friend  
Imaginary Lover, it's true, I'm so in love with you!  
Shut up!
