### **Chorus**

It's nights like tonight, I want to hold you tight  
Bring you closer to me  
So, I can feel your heart beat and hear you breathe  
On a night, exactly, like tonight

### **Verse 1**

The hot weather bringing us together  
Relaxing, getting to know each other in the heat of the Summer sun  
Sipping Pina Coladas and sucking on watermelons trying to stay cool chatting by the side of the pool  
It's on Summer nights, exactly like tonight, that I can't help falling in love with you

### **Chorus**

It's nights like tonight, I want to hold you tight  
Bring you closer to me  
So, I can feel your heart beat and hear you breathe  
On a night, exactly, like tonight

### **Verse 2**

The cool autumn air has me thinking about making love  
And when my thoughts turn to love it's you I want near  
You are so far away how can I get to you, how can I bring you to me, here?  
Baby, I wish that you could be with me, tonight

### **Chorus**

It's nights like tonight, I want to hold you tight  
Bring you closer to me  
So, I can feel your heart beat and hear you breathe  
On a night, exactly, like tonight

## **Bridge**

The bitter Winter winds, this chill in my bones make me ache for your tender touch  
Sad to see you go I never, again, want to be without that warm embrace that I love  
so much

My Northern Star, True North the only direction I ever want to chart for us  
I am sorry we fought, tonight, I want to make up, baby, answer your phone, let me  
make things right

## **Chorus**

It's nights like tonight, I want to hold you tight  
Bring you closer to me  
So, I can feel your heart beat and hear you breathe  
On a night, exactly, like tonight

## **Verse 3**

The warmer air puts a spring in my step, exactly, like it did last year  
And when my thoughts turn to love, anew, it's you, the one, in my heart, dear  
You're so close, now, I can whisper in your ear, do you still love me? Do you still  
care?  
Baby, will you stay, tonight, and love me, all night until the morning light is here?

## **Chorus**

It's nights like tonight, I want to hold you tight  
Bring you closer to me  
So, I can feel your heart beat and hear you breathe  
On a night, exactly, like tonight
